

“Firetect®.  
Safe. Sound.  
Sustainable.”

Firetect building products contribute to the acoustic comfort of buildings. Thanks to their sound insulation performances, Firetect fireseals too are a part of optimal indoor climate control, especially with fire compartments.

## Sound - acoustical performances

acoustics 1) acc. EN 10140-2 + ISO 717-1

1) Contact us for other dB or non-standard configurations.

Safe. Sound. Sustainable.
